Legal Staff
International Division

Sir:

The above-identified application became abandoned for failure to compete the requirements of 35 U.S.C. 371 (c) within the time period set in 37 C.F.R. 1.495. More specifically, the above-identified application is the national stage of International PCT Application No. PCT/EP02/12238, filed November 2, 2002, claiming priority of DE 101 55 958.5, filed November 9, 2001, for which entry into the United States should have been completed by 30 months from the priority date, i.e., by May 9, 2004. This application has therefore become abandoned on May 10, 2004.

Applicants hereby petition for revival of this application based on an unintentional failure to timely enter the nation stage. The delay of entry into the U.S. national stage was due to an incorrect input of the priority date into a patent data base so that the due date was miscalculated.

Further, Applicants submit herewith the following:

- (1) A check in the amount of \$2,250.00 which includes the petition fee of \$1,330.00 pursuant to 37 C.F.R. 1.17(m), for revival of an unintentionally abandoned application and the basic national stage filing fee of \$920.00.
- (2) Copies of the International Application as published as WO 03/03950 A2 and WO 03/03950 A3.
- (3) Form PCT/IB/308
- (4) Form PCT/IB/304
- (5) Unexecuted Declaration.

Accordingly, Applicants submit that the present application is sufficiently complete for entry into the United States of PCT application PCT/EP02/12238.

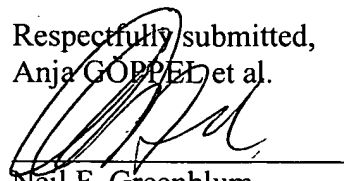

In summary, Applicants hereby petition for the late acceptance of the application papers for entry into the U.S. National Stage of PCT/EP02/12238 and the revival of this application as having become unintentionally abandoned because of the failure to timely enter the national stage.

Applicants respectfully submit that the entire delay in entering the national stage was unintentional.

Please charge and fees necessary for consideration of the paper filed herein to Deposit Account No. 19-0089.
